

combirex

CX250 ORIGINAL SPARE PARTS

100% INTERCHANGEABLE HIGH QUALITY COMPOUNDS AND ROHS COMPLIANT PADS

A wide range of original spare parts for combirex CX250 that are also 100% interchangeable and suitable for all the brakes series CX 250 available on the market.

Thanks to the new compounds formula, Renova's pads guarantee a longer life and therefore a reduced need for spare parts and reduced dust emissions in the workplace.

RoHS compliant: all pads are asbestos, hexavalent chromium, mercury, cadmium, antimony and lead **FREE!**

100% INTERCHANGEABLE

100% interchangeable and suitable for all the brakes series CX 250 available on the market

ROHS COMPLIANT

all pads are asbestos, hexavalent chromium, mercury, cadmium, antimony and lead **FREE!**

WIDE RANGE

4 different models and a total of 8 configurations, for different application requirements

HIGH QUALITY COMPOUNDS

reduced need for spare parts and reduced dust emissions in the workplace
