BATTERY REEL PUSHERS

MOVIROLL MRE350L

Moviroll reel pushers improve the productivity and increase the safety level as they allow the operator to effortlessly and safely maneuver both large and small cylindrical loads. Moviroll reduces risks for the operator according to the Technical Standards ISO 11228 "Ergonomics Manual handling".

MRE350L battery reel pusher offers the advantage of freemovement without the constraints of the pneumatic connections or electrical cables. Thanks to its oversized drive wheels, it can operate both indoors and outdoors, even on uneven surfaces.

It is powered by high performance and plug&play 24 V lithium battery. MRE350L doesn't require any license and can be adaptable with ballasts depending on the weight to be moved.

VARIABLE SPEED

to suit any operator needs

CHARGE STATUS INDICATOR

easily see when the battery needs to be recharged

OVERSIZED WHEELS

MRE350L can operate indoors and outdoors and can easily overcome any obstacles along the way.

HIGH PERFORMANCE

MRE350L can push up to 30 ton reels.

PLUG&PLAY BATTERY

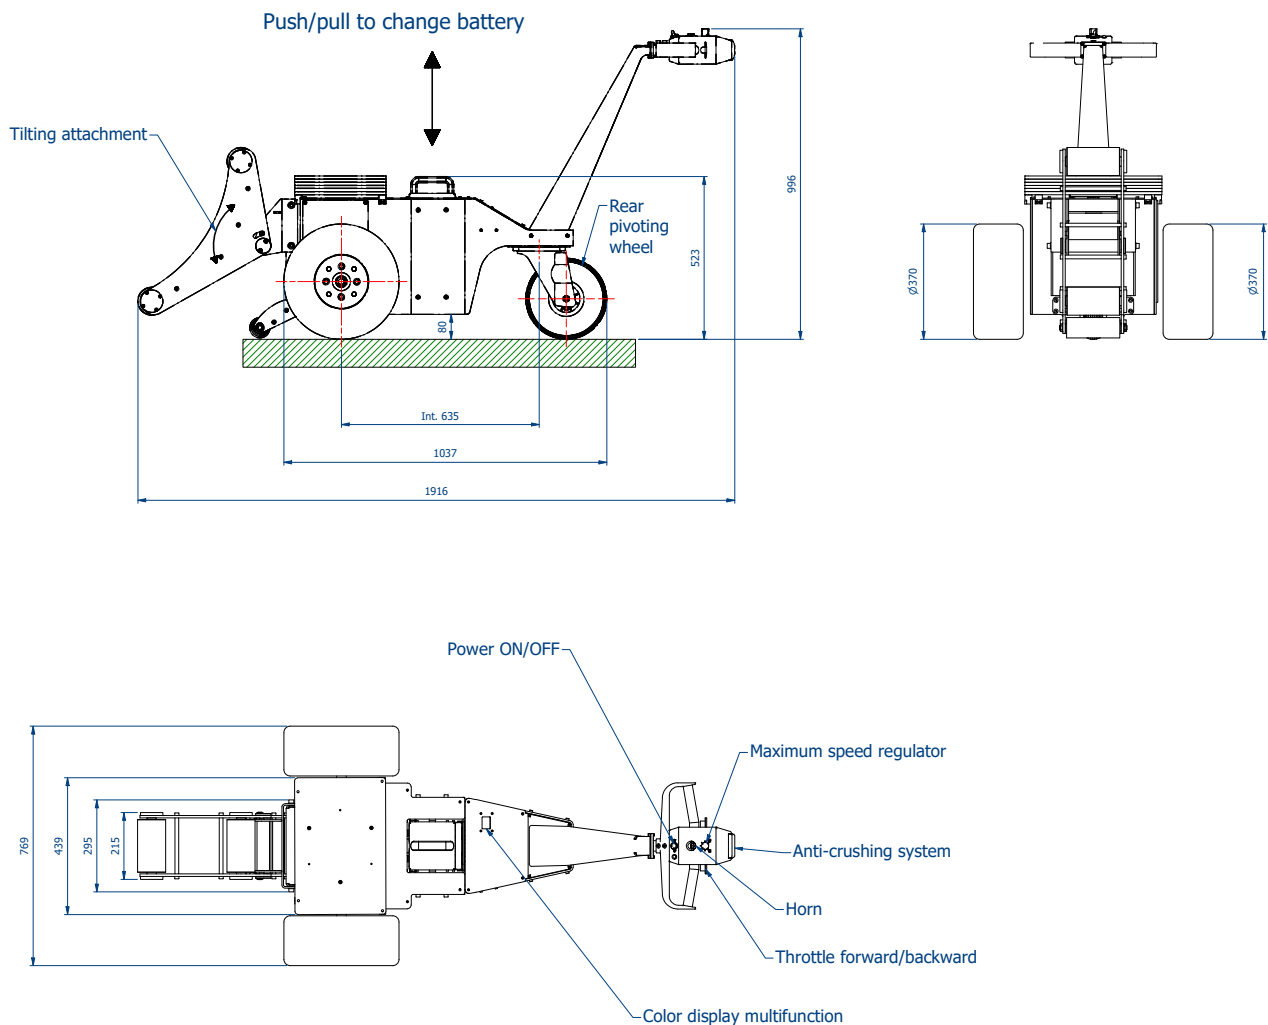

the plug&play eco-friendly lithium battery allows one-handed changes in less than 10 seconds

2 YEAR WARRANTY

the only product in its category with a 2-year warranty on both the device and the battery

MRE 350L

MRE 350 L is a heavy-duty and extremely powerful model especially designed to move big and heavy reels up to 30 tons (6,6138 lb) both indoors and outdoors even on irregular surfaces. MRE350L can be adaptable with ballasts depending on the weight to be moved.

model	thrust force	max reels diameter	min reels diameter	motor	battery	max speed	unit weight
MRE 350 L	30,000 kg (66139 lb)	4,000 mm	1,500 mm	24V DC IP44	24 V lithium	75 m/min	380 kg (837 lb)
