BATTERY VEHICLE MOVERS

MOVITRUCK MVE200T

Ideal in automotive production facilities, garages, and mechanical workshops, to move vehicles without starting the vehicle or pushing it, in accordance with ISO 11228 "Ergonomics Manual handling".

It's compact and easy to operate and it doesn't require any driving licence.

Movitruck MVE200T is a useful tool to move big and heavy vehicles such as trucks or buses without worrying about damages to the vehicle, or personnel safety, as it prevents injuries from manually pushing the vehicle and from inhaling exhaust gases.

Movitruck MVE200T allows the operator to maneuver effortlessly and safely vehicles up to **25,000 kg (55,000 lb)**. It is equipped with an extra-large 'L' curved handle, specially designed to avoid contact with the vehicle body, while allowing comfortable maneuverability.

EXTREMELY COMPACT

only 22.2 cm (8.75 in) high

HIGHLY POWERFUL

thrust force up to 25,000 kg (55,000 lb)

EXTRA LARGE "L" CURVED HANDLE

designed to avoid contact with the vehicle body, while allowing comfortable maneuverability

SOFT RUBBER ROLLERS

for an increased grip

BATTERY STATUS LEDs

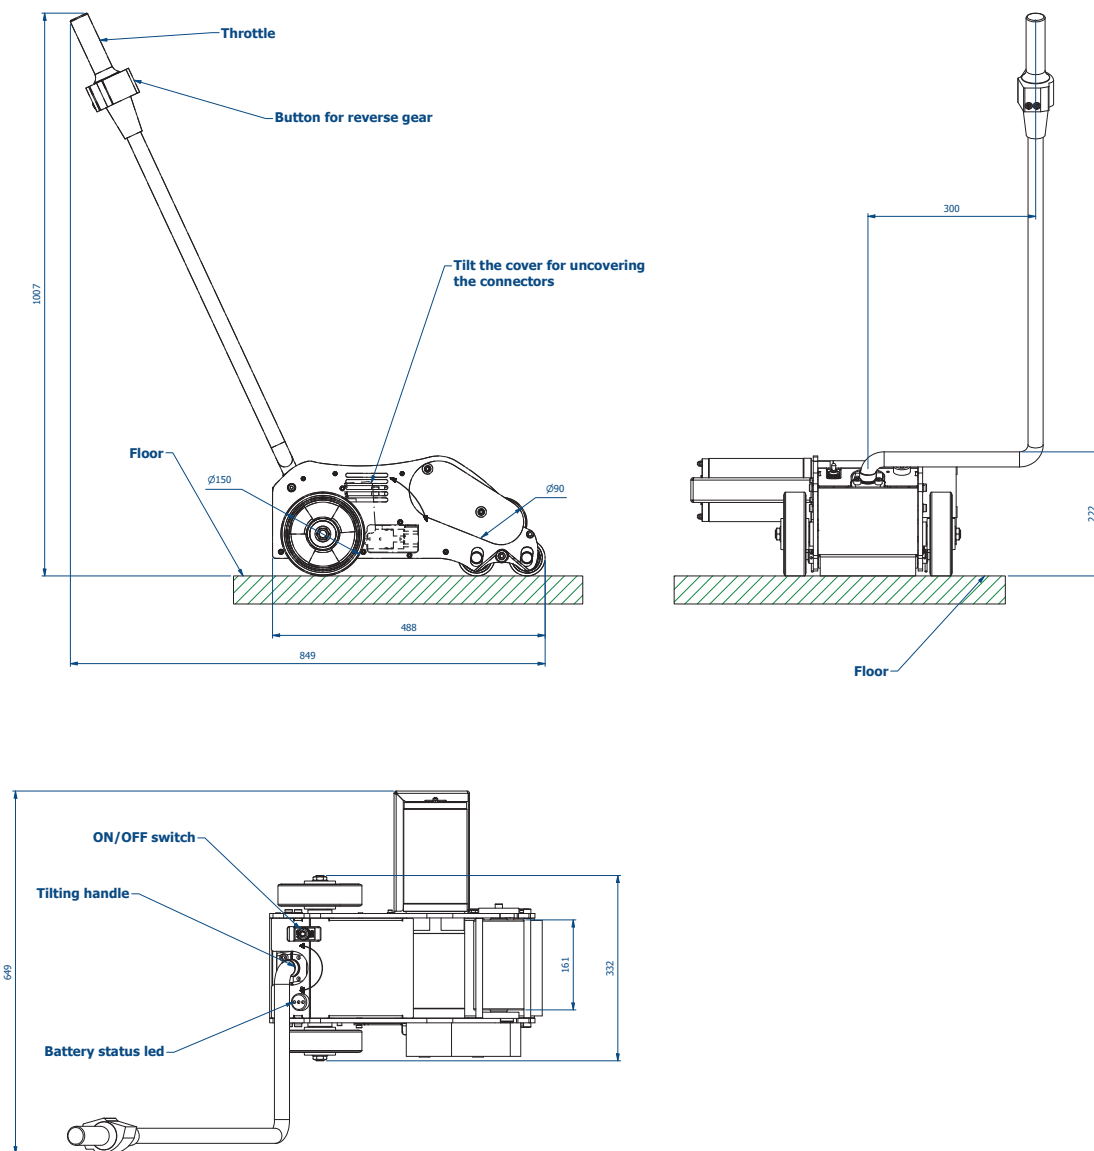

easily see the battery charge status and when the need of recharge the battery occurs

2 YEAR WARRANTY

the only product in its category with a 2-year warranty on both the device and the battery

MVE200T
